Dear Mr Davidson,

? 1963  
? 1964  
Here is a copy of my MS  
on SW A. gambian on Mauritius  
which I promised you. I should  
be glad of your comments.

I hope it will one day appear  
in WITO Bulletin.

I never intended my  
Mauritius report to be published.  
I considered it confidential!  
anyway, this is part 1 of  
a series of 2 papers on A.  
gambian on Mauritius. & this  
is the way I meant the results  
appearing in WITO/Mal/416 to  
see the light of Day!

Incidentally you will have  
noticed the serious mix up  
which occurred in WITO/Mal/421  
I hope a corrigenda will be  
circulated.  
Yours sincerely  
Hugh Peterson
