

Dr. G. Davidson,  
Ross Institute of Tropical Hygiene,  
Keppel Street,  
London WC1.

Dear George,

Thank you very much for your letter dated 12th February 1970. It arrived while I was on a field trip, and I did not have an opportunity to answer it before reaching Britain. I should prefer to have the meeting a week later as I shall be in Edinburgh for about 12 days after Easter. I see that Mario Coluzzi has informed you of what I said to him on the subject. I gather this included sending you a copy of the appendix from my thesis.

I hope the above date is not impossible for Mario Coluzzi.

I shall be at the above address from now till the end of April except for excursions to various Universities. Next week I shall be at "Otterburn", Corfe Lodge Road, Broadstone, Dorset BH18 9N6 (C/O) D.D'A. Martin).

Looking forward to seeing you again.

Yours sincerely,

*Hugh Patterson.*
